Faculty Host Agreement

Please read and sign if you accept the responsibilities involved in hosting an international scholar at Northeastern:

“I, _____, as faculty host for
Name of Faculty Host

_____, recognize that I am the primary contact
Name of International Scholar

for said international scholar in the U.S. during the period of his/her appointment . I will advise the scholar to report any changes in address and status and those of his/her dependents to the SEVIS contact, as well as any changes in the scholar’s field of research, funding amount or funding resources for this research or reduction of hours for this research. I am aware that, immediately upon arrival to Northeastern, the scholar needs to report to the ISSI for immigration clearance and that near to departure, the scholar needs to complete the End of Program Notification form. I also understand that failure to meet these requirements could impact the scholar’s current visa status and future immigration status in the U.S. I also understand that if this scholar is sponsored on the J short-term scholar category, that he/she will not be eligible for an extension beyond the six month limit.”
