IT IS A SENSE OF THE STUDENT SENATE that the work of the Office for the Support of Effective Teaching to improve the Teacher Course Evaluations is beneficial to the advancement of student evaluation of teaching. The reorganization of the order of questions and the piloting of two new questions, "I was treated with respect in this class", and "From the total average hours above, how many do you consider were valuable in advancing your education", (referring to the hours per week that were spent on the class), will advance the effectiveness of the evaluation. The Student Senate wishes to lend its' support to these amendments and encourage OSET to continue it's hard work.

Respectfully submitted with the approval of the Academic Affairs Committee,

  
Shawn J. Sameiro  
Vice President for Academic Affairs
