The Teacher Course Evaluation Catalogues are one of the primary ways for students to learn about how well a professor is teaching a particular course. The Center of Effective University Teaching is working to improve accessibility of Teacher Course Evaluation results. Along those lines, the Center for Effective University Teaching is developing software to put Teacher Course Evaluation results on the NUNet. **THEREFORE, IT IS THE SENSE OF THE STUDENT SENATE** to support the idea of placing the Teacher Course Evaluation results on the NUNet.

Respectfully submitted with the approval of the Academic Affairs Committee,
